Non-budget council committees currently are wrapping up business prior to the county budget being released next week. Most non-budget committees yield their time to the Budget Committee during the budget season. Councilmembers will review and amend the budget proposed by the County Executive and vote on the amended version by Thanksgiving.

ICE – In Case of Emergency

Who do you want contacted in case of an emergency?

A campaign encouraging people to enter an emergency contact number in their mobile phone's memory under the heading ICE (In Case of Emergency) is spreading throughout the world.

Originally established as a nation-wide campaign in the UK, ICE allows paramedics or police to be able to contact a designated person in an emergency situation.

By adopting ICE, your cell phone will help emergency personnel quickly contact a friend or relative, which could be vital in a life or death situation. Why not put ICE in your phone now? Simply enter the person you would want contacted in case of emergency, enter them under the word 'ICE' along with their telephone number.

2-1-1

2-1-1 is a dialing code to provide callers with information and referrals to local health and human services agencies. It operates Monday-Friday from

8:00am – 6:00pm. The goal for 2-1-1 is to become an entry point into various public health and safety programs, and to play an important role in relief and recovery during a disaster. Over time, if successful, 2-1-1 could become a 24/7 service line.
